

UNLOCK PICHIA[®] - *Pichia pastoris* Protein Expression Excellence

Research Scientist / R&D Associate, Molecular Biotechnology (m/f/d), Grambach/Graz

Full-time, immediately

VALIDOGEN GmbH is a leading Austrian contract research and development company in the field of microbial protein expression. Based on its technology platform known as UNLOCK PICHIA[®], VALIDOGEN develops industrial protein production strains and bioprocesses for the manufacture of biopharmaceuticals, enzymes and various other recombinant proteins. Founded in 2008, the company emerged to a globally recognized player in the field of *Pichia pastoris* based protein expression. VALIDOGEN is a private company and independent subsidiary of the KonValue Group.

Currently, we are looking for a highly motivated Research Scientist / R&D Associate with experience in molecular biotechnology (PhD level mandatory).

Your tasks:

Molecular Biotechnology

- Development of microbial strains for recombinant protein production
- Characterisation of microbial production strains
- Planning, execution / monitoring and analysis of protein production processes (small-scale)
- Data analysis and documentation of results
- Writing of records and reports
- Evaluation and establishment of new technologies for microbial protein production
- Interaction with and guidance of laboratory personnel

Your profile

- Academic degree in Biotechnology, Bioprocessing (or in a related field), PhD level
- Hands-on experience in molecular biology
- Independent, well-organized and proactive work style
- Able to work with highest accuracy and reliability
- Able to work on several projects with time limits in parallel
- Very good communication skills
- Fluent in written and oral English

Our offer/ Your benefits

- Responsible activities in an internationally operating company
- Diversified, challenging tasks & self-dependent work
- Be part of a professional & ambitious team
- An open & appreciative working environment
- Opportunities for personal development

We offer an attractive salary package in line with your qualification, experience and individual competencies. The salary package considers the guideline of the corresponding collective agreement (EUR 42.000 gross per year/full-time).

If you would like to be part of VALIDOGEN's team please send your CV including a cover letter summarizing your qualification and experiences to: e.trummer-goedl@validogen.com
